Research Update

From the Office of Research & Development

REMINDER

ARC DISCOVERY AND NHMRC PROJECT GRANT REJOINER PROCESSES WILL COMMENCE OVER THE NEXT FEW MONTHS. MORE INFORMATION WILL BE PROVIDED CLOSER TO THE DATE. INFO SESSIONS ARE SCHEDULED. PLEASE SEE THE ORD TRAINING SEMINARS SECTION OF THIS UPDATE

IN THIS ISSUE

FUNDING OPPORTUNITIES

GENERAL
1. Australian Antarctic Science Program – Call For Applications
2. Gambling Harm Minimisation: ATM Location, Withdrawal Limits And Note Acceptors
3. Healthway Visiting Fellows – Call For Expressions Of Interest
4. Healthway Indigenous Research Training Scholarships
5. 2010 NHMRC Postgraduate Scholarships

SEMINARS, CONFERENCES, TRAINING AND INFORMATION
1. Australian Competitive Grants Register - Re-Opening Of Applications For Listing
2. 8th National Conference Of Emerging Researchers In Ageing – ERA 2009 - A New Era For Ageing Research: What’s In Your Toolkit?
3. Masters Course In Research Management – Enrolments Now Open
4. Qualitative Research Methodologies Course
5. ORD Research Training Seminars

HELP, TOOLS AND TIPS
Please see this section for useful contacts, tools and tips.

FUNDING OPPORTUNITIES

GENERAL

1. AUSTRALIAN ANTARCTIC SCIENCE PROGRAM – CALL FOR APPLICATIONS
Australian Antarctic Science applications for the 2010/11 season are now open. In 2010/11, a special focus is writing-up projects and finalising data sets from research undertaken within the International Polar Year and the current Science Strategy. Also, Multidisciplinary projects offering a synthetic approach to data analysis are particularly encouraged.

The total grant funds available to Australian University researchers is $750,000 (check eligibility). Grants up to $30,000 are available for individual projects. Multidisciplinary projects may seek up to $60,000 but applicants need to seek approval from the Chief Scientist prior to applying.

It is a requirement that you contact the relevant Program Leader to discuss lodging an application. The Program Leaders and/or Planning will also be able to assist with enquiries about applications.

Please note, if you already have a multi-year project but wish to have it reviewed this year please request this direct to planning@aad.gov.au as sending projects for review is only automatic for new or renewal projects.

Applications, along with a completed Research Project Application Tool (RPAT) preferably generated via SCRIPT, are to be submitted to the Office of Research and Development no later than Tuesday 16th June 2009.

2. GAMBLING HARM MINIMISATION: ATM LOCATION, WITHDRAWAL LIMITS AND NOTE ACCEPTORS
The NSW Office of Liquor, Gaming and Racing is seeking proposals to undertake a research project to determine the most appropriate distance between ATMs and gaming areas in venues with gaming machines in order to minimise harms associated with problem gambling.

The study will also examine the impacts of implementing withdrawal limits for ATMs in gaming machine venues and modifying gaming machine note acceptors so they do not accept $100 and $50 notes.

A total funding budget of up to $195,000 (excluding GST) is available for the conduct of the Gambling Harm Minimisation Research.

Applications, along with a completed Research Project Application Tool (RPAT) preferably generated via SCRIPT, are to be submitted to the Office of Research and Development no later than Friday 29th May 2009.

The Request for Proposal can also be found on the Office’s website at www.olgr.nsw.gov.au

Should you have any inquiries concerning the Request for Proposal, please contact Ms Amanda Lyons on (02) 9995 0721 or via email on amanda.lyons@olgr.nsw.gov.au

3. HEALTHWAY VISITING FELLOWS – CALL FOR EXPRESSIONS OF INTEREST
Healthway is calling for expressions of interest for the Healthway Health Promotion Visiting Research Fellow. This program aims to increase the skills in health promotion research in Western Australia through inviting a leading Health Promotion Research Fellow to Western Australia for a period of up to three (3) months. The primary focus of the visit should be for the Fellow to work closely with several key health promotion teams.

Expressions of interest, along with a completed Research Project Application Tool (RPAT) preferably generated via SCRIPT, are to be submitted to the Office of Research and Development no later than Friday 17th July 2009.

For more information on Research at Curtin please visit the research website www.research.curtin.edu.au
4. HEALTHWAY INDIGENOUS RESEARCH TRAINING SCHOLARSHIPS

Healthway is pleased to open applications for funding for the 2009 Indigenous Research Training Scholarships. The scholarships aim to provide support for Indigenous students to undertake research training in areas of particular relevance to the promotion of health in Aboriginal communities. The scholarship can be used for any of the following courses relevant to Aboriginal health promotion:

- Graduate Certificate
- Honours
- Post-grad Diploma
- Masters
- PhD

Applicants are encouraged to discuss their ideas with Healthway.

The closing date for submission is 21 August 2009 at 5pm. Please ensure that you discuss any applications with your Faculty Graduate Studies Officer, and, the application is to support a Masters or PhD then please submit it through the Scholarships Office with ORD.

The attached guidelines and application form are now available at:

5. 2010 NHMRC POSTGRADUATE SCHOLARSHIPS

The aim of the NHMRC Postgraduate Scholarships scheme is to support outstanding Australian health and medical graduates early in their career so that they can be trained to conduct research that is internationally competitive and develop a capacity for original independent research. This is usually achieved by NHMRC funding its scholars to attain a PhD by full-time research.

NHMRC offers a number of Postgraduate Scholarships. The 2010 funding round for Postgraduate Scholarships will open on Monday 4 May 2009.

Applications are to be submitted to the Scholarships Office with ORD no later than Friday 24th July 2009

Further information on Postgraduate Scholarships is available on the NHMRC website.

SEMINARS, CONFERENCES, TRAINING AND INFORMATION

1. AUSTRALIAN COMPETITIVE GRANTS REGISTER - RE-OPENING OF APPLICATIONS FOR LISTING

You may recall that in issue 7 of the Research Update we advised that the Department of Innovation, Industry, Science and Research (DIISR) had released a new Australian Competitive Grants Register (ACGR). We have since been advised that the Register has been reopened for a short period to allow additional funding schemes to be added.

Please see the current list. If you are aware of any funding schemes that disbursed funding during 2008 and which may meet the criteria for inclusion in the register, but were not submitted for assessment in the 2009 ACGR process, you may wish to contact the scheme manager and ask them to submit an Application for Listing until the deadline of 5pm, Tuesday 12 May 2009.

Please note:

- No action needs to be taken in relation to any scheme already listed on the 2009 ACGR
- No extension to the deadline will be considered
- Schemes previously assessed as not eligible for listing on the 2009 ACGR will not be reconsidered

Submission instructions and Applications for Listing can be downloaded at:

If you have any questions regarding the re-opening of the 2009 ACGR, please write to rbgrants@innovation.gov.au.
2. **8TH NATIONAL CONFERENCE OF EMERGING RESEARCHERS IN AGEING – ERA 2009**

**A NEW ERA FOR AGEING RESEARCH: WHAT’S IN YOUR TOOLKIT?**

The 8th National Conference of Emerging Researchers in Ageing – ERA 2009 – is taking place in Melbourne on Friday October 23 in Melbourne. This is the only conference in Australia entirely dedicated to the work of PhD, Professional Doctorate and Masters' candidates in ageing research.

This year, an exciting addition to the ERA conference is a pre-conference grant writing workshop held on Thursday 22 October. This workshop is FREE for delegates attending the conference however places are limited so register early.

Please note that the Abstract Submission Deadline is **Friday 15th May 2009**

Further information available at [www.med.monash.edu/sphc/haru/conference09](http://www.med.monash.edu/sphc/haru/conference09)

3. **MASTERS COURSE IN RESEARCH MANAGEMENT – ENROLMENTS NOW OPEN**

Curtin University and the eGrad School (Australia) has a new online Master of Research and Development Management (**MRDM**) launching at Curtin in Semester 2, 2009. The **MRDM** is designed for researchers and research administrators and will develop the skills and expertise of R&D leaders, administrators and active researchers in corporations, universities and public sector R&D organisations. The **MRDM** follows on from the Graduate Certificate in Research Commercialisation (**GCRC**) which commenced in 2007. The **MRDM** has been developed in conjunction with and is endorsed by the CRC Association.

Students in the **MRDM** are able to study units such as:

- Public Policy and Research
- Entrepreneurial Foundations
- Managing Research Careers
- Strategic Issues in R&D Management
- Contexts for R&D Management
- Research and Global Sustainability

The **MRDM** is open to Australian, New Zealand and international candidates, and is designed for middle to senior level educators, administrators and researchers seeking to build their knowledge and skills in leadership and management.

The launch at Curtin of the **MRDM** commences in Semester 2 and enrolments close on **Friday 19th June 2009**.

**Graduate Certificate in Research Commercialisation (GCRC) - CTS Scholarships available now.**

The **GCRC** is primarily designed for completion by doctoral students during the course of their research program. PhD students are encouraged to consider the **GCRC** which is a fully online course specifically designed to enhance the commercialisation skills of future researchers. The **GCRC** was developed as part of the federal government's Commercialisation Training Scheme (**CTS**) and participation by currently enrolled Australian PhD students is supported through special **CTS** Scholarships. The **GCRC** is offered as part-time or full time and comprises of 4 units, one compulsory and 3 optional. All units are online and HDR students can study for their PhD part time and for the **GCRC** part time, or take leave of absence from their PhD for one semester and be supported by a **CTS** Scholarship.

Students are able to study units including;

- Knowledge Transfer and Research Commercialisation
- Project Management for Research
- Leadership and Workplace Communication
- Principles and Practice of R&D Management

**GCRC** applicants can apply for a **CTS** Scholarship and may be eligible for a stipend and tuition fees. Further details of the **CTS** scholarship can be found at [http://scholarships.curtin.edu.au/postgraduate/current.cfm](http://scholarships.curtin.edu.au/postgraduate/current.cfm).
Unit offerings for CRC Research Students are detailed at the following link; http://www.egradschool.edu.au/whateqsaoffe/awardlevelqu/gradcert/CRC_researchers.jsp

Please promote the opportunity for further study to your Researchers and Staff.

Direct enquiries for the **MRDM** and **GCRC** can be made to Shirley Brindley (S.Brindley@curtin.edu.au).

### 4. QUALITATIVE RESEARCH METHODOLOGIES COURSE

The Centre for International Health at Curtin is providing a course on Qualitative Research Methodologies from 25th to 28th May 2009.

Workshop topics to be covered include:
- Epistemological and methodological foundations informing qualitative research
- Methods of data collection
- Data analysis and representation
- Enhancing the credibility and transferability of qualitative research
- Issues in the representation of qualitative research
- Considerations in the conduct of qualitative studies with Aboriginal people

Please see the attached brochure for more information.

### 6. ORD RESEARCH TRAINING SEMINARS

A full list of training seminars provided by the Office of R&D are available at - [http://research.curtin.edu.au/seminars/](http://research.curtin.edu.au/seminars/)

We wish to highlight the following sessions coming up:

**Using COS (Community of Science) Website & Related Tools**
**Date:** Wednesday 6th May 2009 (apologies for the short notice)
**Time:** 3:00pm to 4:30pm
**Target Audience:** Researchers and Research Administrators
**Synopsis:** A representative from the makers of COS will provide a demonstration of the following tools for researchers to find funding and collaborators around the world: COS Workbench, COS Expertise, COS Funding and Alerts. Plus COS Scholar Universe & PapersInvited.

**Building Your Research Career**
**Date:** Thursday 14th May
**Time:** 2:30pm to 4:15pm
**Synopsis:** Three senior researchers will talk about their experiences in building their research careers, covering topics such as pitfalls they have come across and strategies that they have found useful along the way. There will be time for questions/discussion.

**Human Ethics Committee – Reviewer training**
**Date:** Wednesday 3rd June 2009
**Time:** 10:30am to 12:30pm
**Target Audience:** Reviewers and people interested in reviewing ethics applications
**Synopsis:** This session is designed specifically for Reviewers of Ethics applications and staff interested in becoming Ethics application reviewers. This session will cover topics such as:
- legislation and regulations;
- the role of the reviewer;
- how to review applications;
- committee processes
SCRIPT Research Project Module Training
Date: Tuesday 2nd June 2009
Time: 2:00pm to 4:00pm
Target Audience: Researchers and Research Administrators
Synopsis: At these sessions you will be shown how to use the Research Project module of SCRIPT. Step by step instruction will be provided, including topics such as how to create a project, how to complete the budget, how to submit the project to ORD and how to find projects previously entered onto the database. Please note that in order to gain access to the Research Project module it is necessary to attend a training session. See the end of this email for arrangements for non-Bentley based staff.

SCRIPT Research Project Module Training
Date: Friday 12th June 2009
Time: 10:00am to 11:45am
Target Audience: Researchers and Research Administrators
Synopsis: At these sessions you will be shown how to use the Research Project module of SCRIPT. Step by step instruction will be provided, including topics such as how to create a project, how to complete the budget, how to submit the project to ORD and how to find projects previously entered onto the database. Please note that in order to gain access to the Research Project module it is necessary to attend a training session. See the end of this email for arrangements for non-Bentley based staff.

SCRIPT Research Project Module Training for non-Bentley based staff
Non-Bentley staff who have not been provided with on-site training can now access this training via an ilecture. This is available for viewing at http://research.curtin.edu.au/seminars/research.cfm#researchmodule. Please note that you will be required to complete and submit a short questionnaire to ORD after viewing the ilecture. Upon processing of the questionnaire you will then be given access to the Research Projects module itself. Further details and the Training Guide are available via the link above.

Preparing ARC Rejoinders
Date: Thursday 4th June 2009
Time: 2:30pm to 4:00pm
Venue and Registration: http://seminars.curtin.edu.au/index.cfm?theme=82
Target Audience: Researchers and Research Administrators involved in ARC applications
Synopsis: The session is designed to assist ARC applicants prepare their rejoinders. The session will cover the following topics: The assessment process; Interpreting assessor comments and how to use them effectively; What to write: how best to address the issues, or what to write if the review is glowing; Dealing with conflicting assessments; Common pitfalls and things to watch out for and the project of submitting a rejoinder

Preparing NHMRC Rejoinders
Date: Wednesday 10th June 2009
Time: 10:30am to 12:00pm
Venue and Registration: http://seminars.curtin.edu.au/index.cfm?theme=82
Target Audience: Researchers who have submitted applications via the NHMRC Project Grant process
Synopsis: This session is for staff who have submitted an application via the NHMRC Project Grants process. It may also be of relevance to applicants of other NHMRC grant schemes. The session will cover topics such as: The assessment process and its implications on how to read and respond to your assessor comments; Finding the right tone for your rejoinder; What to write: how best to address the issues, or what to write if the review is glowing; Dealing with conflicting assessments; Pitfalls and tips.

- **Research Project Application Tool (RPAT)**

#### New Research Codes

The codes can be found on the [ABS website](http://research.curtin.edu.au/guides/tools.cfm). You may also find the University of New England’s [Conversion Tool](http://research.curtin.edu.au/guides/tools.cfm) useful.

### TIP OF THE WEEK

**New to Research at Curtin?**

See our ‘New to Research at Curtin?” website for information and links to the key things you need to know about to conduct research at Curtin:

Course Outline

Workshop topics to be covered include:

**Epistemological and methodological foundations informing qualitative research**
Designing qualitative research. Common features of qualitative research. The relationship of theoretical positioning of the researcher to choice of qualitative approach. Applications of qualitative research in health, education, and psychology. Sampling strategies, paradigm and methods debates, ethical issues in qualitative research.

**Methods of data collection**
A) Participant Observation and B) Focus Groups.
The theory and practice of interviewing, level of interview structure and types of question, designing effective questions, developing rapport with research participants, recording and transcribing interviews.

**Data analysis and representation**

**Enhancing the credibility and transferability of qualitative research**
Trustworthiness of Qualitative Research. Enhancing the quality of research claims. Quality criteria in qualitative research.

**Issues in the representation of qualitative research**
Formats for reporting qualitative research: the case study, the narrative account, the ethnography. Common rhetorical structures will be reviewed with reference to published qualitative research examples. Representation issues: the role of the researcher, voice and authority in qualitative writing. The ‘new ethnography’ and auto-ethnography. Combining qualitative and quantitative research approaches.

**Considerations in the conduct of qualitative studies with Aboriginal people**
Ethics, consultation, reference groups, consent, yarning, language, cultural awareness and safety, reporting, feedback, translation of research.
Audience
The four-day short course is intended for researchers, postgraduate students, public sector agencies and NGOs in the areas of public health, psychology, nursing, Indigenous studies, social anthropology and development whose interests, current or future work will be enhanced by qualitative research skills. The course is designed for beginner to intermediate level qualitative researchers who are in the design stages of a qualitative research project or who are interested in an overview of the theory and practice of qualitative research. Attention will also be given to the major issues in the practice of qualitative methods with Indigenous people.

Facilitators
Dr Delwyn Goodrick is a psychologist who undertakes program evaluation and social research with a wide range of government and private sector clients. She is an experienced trainer having conducted over 200 specialist workshops in research and program evaluation in Australia and overseas, including short courses run by ACSPRI. Delwyn has particular interests in health and education program areas. She currently works part-time in a research institute that undertakes mid- to large-scale evaluation projects and works part-time in her own private consultancy practice.

Associate Professor Dawn Bessarab is an Indigenous woman of Bardi and Indjarbandi descent who has worked in roles developing Indigenous policies and services in the welfare and justice arena. She is a staff member of the Centre for International Health at Curtin University and has a keen interest in research that explores Aboriginal health and wellbeing from a psycho-social perspective. Dawn is an experienced cross-cultural trainer in Aboriginal cultural awareness and has worked extensively as a consultant on Indigenous issues in service-provision, teaching and research environments. She brings to this course extensive methodological, epistemological and teaching experience in the application of qualitative methods with Aboriginal people.

Approach
The course will be interactive and will take into account the needs of participants. Numbers of participants will be limited. Course notes will be provided, with participants receiving a certificate of attendance.

Course Fees/Registration/Cancellations/Refunds
The course fee is $950AUD. This fee includes course notes, morning and afternoon teas. An early bird registration fee of $800AUD is available for registration before 30 April.

Your registration and payment will be acknowledged by email. Cancellations must be advised in writing to the Secretariat. Cancellations received prior to May 5 will receive a refund of registration fees, less an administration charge of $100AUD. After this date all refund requests will be subject to the discretion of the Secretariat. The Centre for International Health reserves the right to cancel the course if the minimum number of 15 participants is not reached.

Course Queries
If you have queries about the course content, please contact Judy Katzenellenbogen on tel 9266-4287 or j.katzenellenbogen@curtin.edu.au. Registration queries go through the CIH Secretariat.
Send completed registration forms with payment to:

**Short Course**

**REGISTRATION FORM**

25-28 May 2009
Courses are flexible, available through distance education and tailored to meet the needs of professional candidates from diverse locations and backgrounds. They provide knowledge and skills relevant to practice in a broad range of international health settings.

A wide range of units are available including International Health and Primary Health Care, Maternal and Child Health, Ethics in International Health, Refugee and Migrant Health, STI/HIV, Ageing and International Nutrition.

Yes, I would like to receive further information on the following courses (please tick):

- Graduate Certificate in International Health
- Postgraduate Diploma in International Health
- Master of International Health (coursework)
- Master of Philosophy (International Health)
- Doctor of International Health
- PhD
- Extension units
