FUNDING OPPORTUNITIES

GENERAL

1. REMINDER – CURTIN FELLOWSHIPS
This is a reminder that the current round of Curtin Research Fellowships close on Monday 13th September 2010.

Curtin University of Technology is offering up to fifteen prestigious Research Fellowships commencing in 2011. The Fellowship scheme aims to attract high quality post doctoral researchers with excellent potential for providing future academic and research leadership at the University. It is highly competitive and continues to be amongst the most prestigious Fellowship schemes in Australia.

The call for applications in 2010, for commencement in 2011, refers to a targeted research-only Fellowship with two streams:

1. Early Career Researcher Fellowship: Suitably qualified applicants who received their PhD within the last five years.
2. Senior Research Fellowship: Suitably qualified applicants with more than five years post-doctoral experience.

Full Guidelines and Instructions to Applicants and access to the Online Application System are available from our website at: http://research.curtin.edu.au/research-funding/fellowships.cfm

Enquiries should be directed to: ord-fellowships@curtin.edu.au or by calling us on + 61 8 9266 3286.

2. GOTTSTEIN FELLOWSHIPS (FORESTRY)
Since its formation, the Gottstein Trust has awarded more than 110 Fellowships. The Gottstein Fellowship consists of a grant that is awarded to people from, or associated with, Australian forest industries. The grant allows those selected to conduct research projects and further their experience, education or training, either within or outside Australia. Ninety percent of the grant is payable to the Fellow on commencement and the remaining ten percent is payable within thirty days of the receipt of the final report. Copyright of the work done under the Fellowship program is assigned to the Trustees.

There is no formal educational requirement for Gottstein Fellowship applicants. However, applicants should demonstrate a commitment to the fields of forestry or the forest products industry through academic and professional achievements and career goals. They should also be excellent communicators with the ability to write clear reports.

Applications are to be submitted to the Office of Research and Development, along with a completed Research Project Application Tool (RPAT), preferably generated via SCRIPT, no later than Monday 13th September 2010. Apologies for the short notice.

3. AHURI HOUSING POSTDOCTORAL FELLOWSHIPS
One Australian Housing and Urban Research Institute (AHURI) Postdoctoral Research Fellowship will be made available for the 2010–11 financial year. The Postdoctoral Research Fellow is a three-year jointly funded research position. AHURI has allocated annual funding of $45 000. The AHURI funding commitment to the fellowship would be worth 50 per cent (i.e. up to $135 000 over 3 years) with the remainder being provided by the partner Research Centre.

Applications are to be submitted to the Office of Research and Development, along with a completed Research Project Application Tool (RPAT), preferably generated via SCRIPT, no later than Friday 17th September 2010.

For details on the application and selection processes, please contact Dr Steven Rowley Graduate School of Business, Deputy Director HURIWA, steven.rowley@cbs.curtin.edu.au or phone 08 9266 7721.

Information is also available at - http://www.ahuri.edu.au/research_training/fellowships/
4. BESEN FAMILY FOUNDATION – GRANTS FOR ARTS & CULTURE
The foundation will support projects both in Performing and Visual Arts. Preference will be given to projects that are innovative and challenging. Grants up to $10,000 will be given. Applicants requesting larger amounts are encouraged to discuss their request with the Executive Officer before submitting.

Funding is available, in addition to the types of grants listed under general support, for acquisitions, catalogues, commissions, exhibitions, publications and symposia.

Under its general guidelines the Foundation offers the following:
- Grants will take the form of local project grants, awards, scholarships, research grants, and capital appeals.
- Limited funds are available for building and capital appeals. Applicants are encouraged to discuss their proposal with the executive officer before submitting.
- Grants can also be made to general appeals at the discretion of the trustees. Activities that are harmful to the environment will not be funded

Applications are to be submitted to the Office of Research and Development, along with a completed Research Project Application Tool (RPAT), preferably generated via SCRIPT, no later than Friday 24th September 2010.

For more information please see: http://www.besenfoundation.org.au/

5. SPITFIRE MEMORIAL DEFENCE FELLOWSHIP
Applications are invited for the 2011 award of the Spitfire Memorial Defence Fellowship valued at up to $18,000 to support Australian defence-related studies or research at the University of New South Wales or other appropriate institution. This annually awarded Fellowship has been established as a lasting and dynamic recognition of the significant contribution of the Spitfire and its Squadrons during World War II. Applicants will be Australian citizens who are suitably qualified graduates or persons with significant relevant work experience.

Last year’s winner was Dr Wenyi Yan of Monash University for his project titled: Numerical investigation of brain injury caused by blasts.

Applications are to be submitted to the Office of Research and Development, along with a completed Research Project Application Tool (RPAT), preferably generated via SCRIPT, no later than Friday 22nd October 2010.

Further information is available from our website: http://research.unsw.adfa.edu.au/rrto/scholarships/spitfire.html.

6. CANADA’S BANTING POST DOCTORAL FELLOWSHIPS
On July 6, 2010, Prime Minister Stephen Harper announced the establishment of the Government of Canada’s Banting Postdoctoral Fellowships, a prestigious new program to attract and develop the world’s best and brightest postdoctoral researchers in Canada. The new fellowships will be valued at CAD$70,000 per year (taxable) for two years. Canadian citizens, permanent residents of Canada and foreign citizens are eligible to apply.

The program will be delivered by the three federal granting agencies: the Natural Sciences and Engineering Research Council of Canada (NSERC), the Social Sciences and Humanities Research Council of Canada (SSHRC) and the Canadian Institutes of Health Research (CIHR). CIHR will administer the program on behalf of all three agencies.

The Banting Program is unique not only in the value of the award, but also in the nature of the fellowship. Candidates for a Banting Fellowship must demonstrate, beyond the excellence of their research, synergy between their research program and their host institution. As such, applications must be completed in full collaboration with the host institution.

International applicants must hold their fellowships at a Canadian institution. Canadian applicants who completed their degree at a Canadian institution may hold their fellowship at a Canadian or foreign institution. A small quota is reserved for Canadians to undertake their fellowship at a foreign institution. It is the responsibility of the Canadian candidate to organize the latter.

Agency-specific interdisciplinary peer review committees will review all applications, using three selection criteria: Research excellence and leadership in the research domain; quality of the applicant’s proposed research program; and institutional commitment and demonstrated synergy between the applicant and the institution’s strategic priorities.
Applications are to be submitted to the Office of Research and Development, along with a completed Research Project Application Tool (RPAT), preferably generated via SCRIPT, no later than Wednesday 27th October, 2010.

For further details, please see the official Banting Postdoctoral Fellowships website at http://www.banting.fellowships-bourses.gc.ca/. Please note as well the Questions and Answers (Q&As) specifically targeted at international students.

7. ASSOCIATION FOR CANADIAN STUDIES IN AUSTRALIA AND NEW ZEALAND FELLOWSHIPS

CCS Canadian Studies Postdoctoral Fellowships
This program enables Canadian and foreign academics who have completed a doctoral thesis on a topic primarily related to Canada to visit a Canadian or foreign university with a Canadian Studies program for a teaching or research fellowship. Fellowships are for a minimum of one month and a maximum of three months. Applicants must not be employed in a full-time university teaching position and must agree not to accept honoraria or salary during their fellowships. The grant will be C$2,500 per month plus the cost of a return airline ticket.

Applications are to be submitted to the Office of Research and Development, along with a completed Research Project Application Tool (RPAT), preferably generated via SCRIPT, no later than Wednesday 27th October, 2010.

For more information please see - http://www.acsanz.org.au/funding.html#postdoc

8. AUSTRALIA INDIA INSTITUTE EXPRESSIONS OF INTEREST
The Australia India Institute, University of Melbourne, is inviting Expressions of Interest for funding projects which support the Institute’s key priority areas to strengthen research cooperation, professional links and cultural understanding between Australia and India.

The Institute is interested in supporting a range of activities, for example:
- workshops
- seminars
- visiting fellowships
- scholarships (including top-up scholarships)
- research project expenses
- cultural events
- exchanges

Institute grants will not usually exceed $50,000. The grants will generally be for a period of 12 months.

EOIs are to be submitted to the Office of Research and Development, along with a completed Research Project Application Tool (RPAT), preferably generated via SCRIPT, by Thursday 23rd September 2010.

Apologies for the short notice.

The Institute is interested in supporting a range of activities. Further information can be found at:

9. NATIONAL CENTRE FOR VOCATIONAL EDUCATION RESEARCH (NCVER) FUNDING ROUND
We wish to advise that NCVER, on behalf of the Australian and State/Territory Governments, seeks the services of high quality researchers to provide a three-year program of research aligned to the five national research priorities for the tertiary education and training sector.

Established research centres, or consortia formed in response to this request, are eligible to apply.

Applications are to be submitted to the Office of Research and Development, along with a completed Research Project Application Tool (RPAT), preferably generated via SCRIPT, no later than Monday 4th October 2010.

For more information and to obtain the instructions for applicants and proposal template please visit the NCVER website http://www.ncver.edu.au/newsevents/tenders.html.

For more information on Research at Curtin please visit the research website www.research.curtin.edu.au
10. UNITED STATES STUDIES CENTRE (USSC) 2011 RESEARCH GRANTS
The United States Studies Centre at the University of Sydney invites Australian academics to apply for one of at least eight competitive research grants with a total value of $100,000. The grants support US-focused research activities in the humanities, social sciences and related professional disciplines.

One or two $20,000 grants for Researchers in Residence at the US Studies Centre will be awarded and at least six grants up to $10,000 for External Research projects.

Applications are to be submitted to the Office of Research and Development, along with a completed Research Project Application Tool (RPAT), preferably generated via SCRIPT, no later than Monday 4th October 2010.

The application process guidelines can be found at http://ussc.edu.au/research/research-grants

11. AUSTRALIAN ACADEMY OF SCIENCE - COST ACTIONS TRAVEL GRANTS TO EUROPE
The Australian Academy of Science invites applications from Australian researchers who are Members of COST Actions for travel grants to Europe to participate in COST Action activities during FY 2010-2011. Applications are assessed on a first-come first–serve basis.

The Australian Academy of Science receives funding from the Department of Innovation, Industry, Science and Research (DIISR) to deliver the project Australian participation in European Cooperation in the field of Scientific and Technical Research (COST).

The project is supported by the International Science Linkages (ISL) program. The ISL program supports Australian professional scientists, from both the public and private sectors, to collaborate with international partners on leading edge science and technology in order to contribute to Australia’s economic, social and environmental wellbeing.

In order to deliver the project, the Academy and COST have signed a reciprocal agreement for Australian and European scientists to participate in COST Actions (http://www.cost.esf.org/about_cost). Under the terms of the agreement and COST guidelines, Australia is regarded as a country with reciprocal arrangements.

Financial Assistance is available for Australian researchers who are official members of a COST Action to undertake Short Term Scientific Missions (STSM) of COST and/or attend a workshop/meeting of COST.

Missions are aimed at strengthening existing networks by allowing scientists to visit an institution or laboratory in another COST country to foster collaboration, to learn a new technique or to make measurements using instruments and/or methods not available in their own institution/laboratory.

Funding of $195,000 is available to support visits in FY 2010-2011 for Australian researchers to participate in COST Actions. Australian researchers need to be official members of a COST Action to be eligible for funding.

Australian researchers travelling to Europe may receive a grant in aid of up to A$5,000 for a STSM, covering a return airfare of up to A$2,500 and daily living allowances. Daily living allowances, covering accommodation and meals are provided at the rate of A$200 per day or a maximum of A$2,500 per month, whichever is the smaller amount.

Further information can be found at: http://www.science.org.au/internat/europe/cost.html

HEALTH SPECIFIC

1. VISIT TO NATIONAL INSTITUTES OF HEALTH IN THE USA FOR ONE JUNIOR SCIENTIST
The Australian Academy of Science invites Expressions of Interest from junior scientists who are no more than 30 years of age at the time of application, to visit the National Institutes of Health (NIH) in the USA. Proposals in any health-related field of natural science will be considered. Only citizens and permanent residents of Australia living in Australia at the time of application are eligible to apply. At the time of application, applicants should be either:

- in the first two years of a PhD degree or equivalent, or
- have completed a Masters or a Bachelors with Honours degree, or
- be in the first semester of a Masters of a Bachelors with Honours degree.
Under this scheme applicants are expected to be undertaking PhD study in an Australian institution or have an intent to enrol in PhD study in an Australian institution. Applicants can request travel support to access the international leading-edge research facilities and staff of the NIH. The proposed visit should initiate long-term collaborations and facilitate the development of the applicant’s career.

**Expressions of Interest are to be submitted to the Office of Research and Development, along with a completed Research Project Application Tool (RPAT), preferably generated via SCRIPT, no later than Thursday 30th September 2010.**

---

**2. NATIONAL DRUG LAW ENFORCEMENT RESEARCH FUND (NDLERF) GRANTS**

The NDLERF Board of Management wishes to advise researchers that new applications for funding are now open.

The NDLERF Board has established three broad strategic areas for future research. These will form the basis for prioritising the funding of projects over the period 2010-11 to 2012-13.

In order of priority, these are:

- alcohol;
- licit drugs (in particular pharmaceuticals); and
- illicit drugs.

The Board is seeking applications for projects which:

- assist in the development of innovative technologies and/or tools or techniques which will enhance the sector’s response to drug law enforcement
- describe the extent and impact of substance abuse on the community and policing;
- consider the effect of interventions and strategies put in place to counteract the impact of substance misuse.

**Applications are to be submitted to the Office of Research and Development, along with a completed Research Project Application Tool (RPAT), preferably generated via SCRIPT, no later than Friday 15th October 2010.**

---

**3. SOCIETY OF HOSPITAL PHARMACISTS GRANTS**

**Celgene 2010 Grant: Information Technology in Hospital Pharmacy**

In 2010, Celgene is pleased to introduce the inaugural Information Technology in Hospital Pharmacy Grant. The grant makes available a total of $10,000 to a member of the Society of Hospital Pharmacists of Australia (SHPA). It is intended to enable the successful applicant to undertake research looking at innovative uses of information technology in hospital pharmacy. This may include the development of information technology that is directly applicable to hospital pharmacy, or with the application or assessment of this technology.

**Applications are to be submitted to the Office of Research and Development, along with a completed Research Project Application Tool (RPAT), preferably generated via SCRIPT, no later than 23rd September 2010.**

For more information please see the [2010 flyer](http://www.science.org.au/internat/americas/berry.html) and [Research Application Form](http://www.science.org.au/internat/americas/berry.html)

**Pfizer Pharmacy Grant**

Four grants of up to $5,000 each will be made available to members of the Society of Hospital Pharmacists of Australia. The grants are designed to enable the successful applicants to attend a relevant national or international conference or undertake a preceptorship in their chosen therapeutic area.

**Applications are to be submitted to the Scholarships Office of Research and Development, along with a completed Research Project Application Tool (RPAT), preferably generated via SCRIPT, no later than Thursday 23rd September 2010.**

For more information please read the [flyer](http://www.science.org.au/internat/americas/berry.html) and see the [Professional Development Application Form](http://www.science.org.au/internat/americas/berry.html)
4. HEART FOUNDATION SUMMER SCHOLARSHIPS

Summer Scholarships are offered to assist undergraduates who have completed at least two years of a medical or science degree to obtain laboratory experience. Summer Scholarships are for a duration of 6-8 weeks.

For more information on Summer Scholarships, please click here

Applications are to be submitted to the Scholarships Office of Research and Development, along with a completed Research Project Application Tool (RPAT), preferably generated via SCRIPT, no later than Monday 13th September 2010. Apologies for the short notice.

For further information, please call 03 9321 1581 or email research@heartfoundation.org.au

SEMINARS, CONFERENCES, TRAINING AND INFORMATION

1. 2011 2ND WORLD CONGRESS ON COMPUTER SCIENCE AND INFORMATION ENGINEERING (CSIE 2011)

The 2nd World Congress On Computer Science And Information Engineering (CSIE 2011) will be held from 17-19 June 2011 in Changchun, China.

Call for Papers & Exhibits

CSIE 2011 intends to be a global forum for researchers and engineers to present and discuss recent advances and new techniques in computer science and information engineering. Topics of interests include, but are not limited to, data mining & data engineering, intelligent systems, software engineering, computer applications, communications & networking, computer hardware, VLSI, & embedded systems, multimedia & signal processing, computer control, robotics, and automation.

All papers in the CSIE 2011 conference proceedings will be indexed in EI Compendex and ISTP, as well as included in the IEEE Xplore (The previous conference CSIE 2009 has already been indexed in EI Compendex and included in the IEEE Xplore). IEEE Catalog Number: CFP1160F-PRT. ISBN: 978-1-4244-8361-7.

If you have any inquiries, please email the organisers at CSIE2011@cust.edu.cn

For more information please see - http://world-research-institute.org/conferences/CSIE/2011

2. SECOND INTERNATIONAL CONFERENCE ON SPORT AND SOCIETY

Unitedworld School of Business
Kolkata, India
28 February - 2 March, 2011
http://www.SportConference.com/

The Second International Conference on Sport and Society from 28 February - 2 March, 2011. The conference will be held at the United World School of Business. Kolkata has been selected as the location for the 2011 conference as it is one of the host cities for the 2011 Cricket World Cup. As such participants will be immersed in the experience of the tournament. The dates also have been set to coincide with the India v. England match in the world famous Eden Gardens Stadium.

The conference hopes to engage university and international academics to consider broad questions about the connections between sport and society. The International Conference on Sport and Society and its companion International Journal of Sport and Society provide a forum for wide-ranging and interdisciplinary examination of sport, including: the history, sociology and psychology of sport; sports medicine and health; physical and health education; and sports administration and management. The discussions at the conference and in the journal range from broad conceptualisations of the fundamental logics of sport, to highly specific readings of sporting practices in particular times and places. The conference and journal focus on four logics of sport: Game Logic; Body Logic; Aesthetic Logic; and Organisational Logic.

For more information on Research at Curtin please visit the research website www.research.curtin.edu.au
3. NINTH INTERNATIONAL CONFERENCE ON NEW DIRECTIONS IN THE HUMANITIES
Universidad de Granada, Granada, Spain
8-11 June 2011
http://www.HumanitiesConference.com

We are pleased to be holding the 2011 conference in Granada, Spain at the Universidad de Granada. Known throughout Spain and Europe for its scholarship over many centuries, the Universidad de Granada also brings great diversity to the city and contributes to Granada’s thriving student population, today totaling over 80,000 students. The University was founded during the rule Sultan Yusuf I, and is also contemporaneous with the 14th Century Alhambra which overlooks the city and the university.

The Humanities Conference and its companion journal provide spaces for dialogue and for the generation of new knowledge about the nature of the humanities, building strongly on the past traditions of the humanities whilst setting a renewed agenda for their future.

In addition to an impressive line-up of international plenary speakers, the conference will also include numerous paper, workshop and colloquium presentations by practitioners, teachers and researchers. We would particularly like to invite you to respond to the conference Call-for-Papers. Presenters may choose to submit written papers for publication in the fully refereed International Journal of the Humanities. If you are unable to attend the conference in person, virtual registrations are also available which allow you to submit a paper for refereeing and possible publication in this fully refereed academic journal.

Whether you are a virtual or in-person presenter at this conference, we also encourage you to present on the Humanities Conference YouTube Channel. Please select the Online Sessions link on the conference website for further details. Additionally, please join our online conversation by subscribing to our monthly email newsletter and subscribing to our Facebook, RSS, or Twitter feeds at http://thehumanities.com.

4. CHANGES TO ORD WEBSITE
Please note that a couple changes have occurred on the Office of Research and Development website. If you are looking for the Forms and Policies pages they are now available under the Research Management main page (http://research.curtin.edu.au/guides/).

5. STAFF CHANGES IN ORD’S RESEARCH OPERATIONS TEAM
We welcome back Jenni Gaugg, Research Support Officer. Jenni will be working Monday to Friday between 9:30am and 2:45pm. She can be contacted on 08 9266 3272 or via email at J.Gaugg@curtin.edu.au. Jenni provides administrative support to the team and is a key contact person for overdue RPATs and ORD cost centre sign offs. Jenni becomes the point of contact for any matters that were previously handled by Adina Soimu.

Adina is now performing other support duties within the team under the direction of the Manager of Operations. Some of these tasks were previously provided by Pia Meehan who is currently working in another area of the University. Adina can now be contacted on 08 9266 4245 or via email at A.Soimu@curtin.edu.au.

Please see the next page for a full list of your Research Operations contact people.
